2769 - Engineer's Day

Description

This is a very simple problem, given an integer N. You should print N times "i: I am participating in the Engineer's day." where i represents the i-th line.

Input specification

A single line with the value of N < 1000.

Output specification

N lines with "i: I am participating in the Engineer's day."

Sample input

```
2
```

Sample output

```
1: I am participating in the Engineer's day.
2: I am participating in the Engineer's day.
```
